

Student Scholarship Guidelines and Terms

Overview

To be considered for a WWDC 2014 Student Scholarship, create an app that showcases your creativity and skills. Here's some information to help you prepare for your scholarship application.

1. Create an App

Use your creativity and coding skills to build an app that tells us about you. Your app should highlight development projects you've worked on, your educational and professional background, technical skills, and interests.

App Requirements

- Create a native iOS app or Mac app written in Objective-C.
- Write your app using Xcode 5.1 and the iOS 7.1 SDK or OS X 10.9.2 SDK.
- Use your name as the app name.
- Your app must build without errors.
- All app content must be in English.

Submission Requirements

- Upload three screenshots of your app as .png files (5 MB max per file).
- Package your Xcode project in a .zip file (50 MB max).
- If you're a member of the iOS Developer Program or Mac Developer Program, you'll also need to package your compiled app file in a .zip file (50 MB max). For iOS apps, this refers to the .ipa file.

2. Confirm Your Enrollment

You will need to provide a PDF copy of your most recent class schedule or other document, and your dean or principal's contact information to verify enrollment at your school.

3. Upload Your Resume (optional)

If you're 18 years of age or older and wish to share your resume with other groups at Apple, you can upload a PDF of your resume.

Important Notes

You can submit your scholarship application starting April 11 at 10:00 a.m. PDT. Before you submit your application, make sure your information is accurate and complete as you will not be able to resubmit.

The deadline for submissions is April 14 at 5:00 p.m. PDT.

WWDC 2014 Student Scholarship Terms and Conditions

Deadlines

Scholarship applications are due by April 14, 2014 at 5:00 p.m. PDT. Apple is not responsible for lost or late applications, or for electronic transmission errors, regardless of cause. All applicants will be notified of their status by April 28, 2014.

Submission Requirements

You must complete all required fields on the scholarship application form, create and upload an iOS app or Mac app with the related Xcode project file and screenshots, and submit proof of your current school enrollment to apply for a WWDC 2014 Student Scholarship. Your app should highlight development projects you've worked on, your educational background, technical skills and interests, and any other information you might include as part of your resume or CV. Your app must be a native iOS app or Mac app written in Objective-C. The content of your app must be in English.

Eligibility Requirements

To be eligible to apply for a WWDC 2014 Student Scholarship, you must be either 18 years of age or older and registered as an Apple developer, or you must have permission to be sharing a Registered Apple Developer account with your parent or guardian if you are between the ages of 13 and 17.

You must also be enrolled part-time or full-time in a course of study and provide proof of school enrollment with current course registration. Void where prohibited by law. Eligibility is subject to verification by Apple and you agree to cooperate with Apple to provide information about your educational status. Employees of Apple Inc., their affiliates, subsidiaries, advertising and promotion agencies, and their immediate family members and/or those living in same household of each are not eligible.

Scholarships

Each developer selected for a WWDC 2014 Student Scholarship will receive a WWDC 2014 ticket free of charge that entitles the developer to attend WWDC 2014, held between June 2 and June 6 in San Francisco, California USA. Up to two hundred (200) scholarships will be awarded at Apple's sole discretion. Only one ticket will be awarded per applicant. Tickets are non-transferable and may not be sold, resold, bartered, auctioned or exchanged for other goods, services or benefits. Attendees must agree to the WWDC 2014 Attendance Policy to attend WWDC. There will be no substitution of awards and no cash awarded in lieu of the WWDC 2014 ticket. All applicable taxes are the sole responsibility of the scholarship recipient. Travel and accommodation expenses are not reimbursable by Apple and are the sole responsibility of the recipient. No transportation will be provided to attend WWDC. Attendance at certain WWDC events may be limited for attendees under 18 years of age.

Judging

Submissions will be judged on technical accomplishment, creativity of ideas expressed in the app, and technical/work experience. If there is a tie between applicants in the final judging process, Apple will base its final decision on the creativity of ideas expressed in the app.

General Terms

All federal, state, and local laws and regulations apply. By applying for a WWDC 2014 Student Scholarship, you agree to hold Apple and its directors, officers, employees and assigns, harmless against any and all claims and liability arising out of your application and/or acceptance of the WWDC 2014 Student Scholarship. You assume all liability for any injury or damage caused, or claimed to be caused, by participation in this program or use/redemption of the WWDC 2014 Student Scholarship. You agree to be bound by these terms and conditions and the decisions of the judges, which are final in all respects. You agree that Apple shall not be responsible for any typographical or other errors in the administration of the WWDC 2014 Student Scholarship program. By accepting the scholarship and attending WWDC, you grant permission to Apple and its agents to use your name, voice, image and/or likeness for any purpose without further compensation to you (unless prohibited by law).

App Submission Requirements

All apps submitted must comply with the applicable iOS or Mac Program Requirements available at: <https://developer.apple.com/programs/ios/information/index.html> and <https://developer.apple.com/programs/mac/information/index.html>, respectively.

Information Submitted to Apple Not Deemed Confidential

Apple works with many application and software developers and some of their products may be similar to or compete with the app you submit. Apple may also be developing its own similar or competing apps, products or services or may decide to do so in the future. To avoid potential misunderstandings, Apple cannot agree, and expressly disclaims, any confidentiality obligations or use restrictions, express or implied, with respect to your app or any information that you provide in connection with your student scholarship application ("Student Disclosures"). You agree that all such Student Disclosures will be non-confidential. Submitting an app as part of this scholarship application does not grant Apple any ownership interest in your app, and you retain your rights in your app.
